

PET APOTHECARY SERIES

Pet Apothecary

Bottlecorp's line of Apothecary Rounds features a series of 9 different bottles from which to choose. The Apothecary Round series offers a wider and shorter bottle profile for greater stability.

The Apothecary Round line is ideal for OTC products, Pharmaceuticals, Nutraceuticals, lotions and liquids. The wide base gives added stability for dispensing methods that require downward pressure. It is available in several neck finishes to accommodate regular CT closures, pumps and sprayers.
